Diana Tremain

Diana needs no introduction when it comes to equestrian sports. Diana has competed at the highest level in many disciplines for over 40 years including World Cup showjumping, eventing and more recently

FEI dressage, competing to Grand Prix. A truly inspirational, hardworking, and fearless equestrian.

Diana is known and loved by many of our leading equestrian Olympic greats, having competed with and received coaching from many of the big names in showjumping and dressage. Her own late father was involved in the 2000 Olympic games course design and build. Diana also has a vastly experienced FEI dressage riding mum, now a high-level judge who gives Diana insight into what judges are looking for in a test.

Full of exuberance, determination, and an amazing ability to train young horses, Diana's can-do attitude towards achieving her goals inspires us all. Here is your chance to have some encouraging fun guidance to achieve your dressage dreams with Diana.

Cheryl Gander

Cheryl has lived in the Orange area for most of her life and has a very long history with the Central Western Dressage Group. Cheryl has always had a strong passion for horses and gained many valuable years of experience in the industry including teaching, competing, breeding, and training of young horses.

She spent many years eventing but now focusses mainly on dressage. Having competed at many State and National competitions, Cheryl's current horse is 12yo Fairview Voyager, a home bred gelding which Cheryl has trained every step of the way from Preliminary to now training at FEI level where he is about to make his FEI debut.

Cheryl is a very experienced coach who has always enjoyed training both horse and rider and just loves seeing the development of a partnership evolve from the very basic level to the more advanced level of horsemanship.
